

NATIONAL COUNCIL OF ADMINISTRATION MONTHLY UPDATE

Feb. 14, 2025

Greetings,

We hope you enjoy this issue of the National Council Monthly Update summarizing the pertinent operations at VFW National Headquarters over the last month.

Development

In last month's update, we did not have the final December numbers. As a reminder, our goal for December was \$7.3 million. I am pleased to report that we exceeded this target, closing the month at \$10.9 million, surpassing our goal by \$3.6 million. December was, in fact, the highest-performing month in our history.

For January, our goal was set at \$6,293,868, and we ended the month at \$6,261,044, falling short by \$32K. The area where we missed projections was Planned Giving, a revenue stream that is only realized when an individual passes away, making it inherently more difficult to project.

We continue to address the ongoing challenges presented by the USPS, including delivery delays and rising postage rates. However, we are beginning to see a slight improvement in deliverability. This offers hope that, moving forward, the USPS is beginning to recognize that a sustainable business model cannot rely on consistently increasing costs and diminishing services.
